

# Security Overview

Effective date: July 6, 2026

<b>Domain</b>	bestpaymentgatewayinbangladesh.com
<b>Contact</b>	contact@bestpaymentgatewayinbangladesh.com

## Website Scope

The website is an informational static site. It does not collect payment card data, does not host checkout pages, and does not provide merchant account services.

## Transport and Headers

The site is intended to run over HTTPS on Cloudflare Pages with security headers including content type protection, frame restrictions, referrer policy, permissions policy, and a restrictive content security policy.

## Contact by Email

The website uses email contact instead of a form. Branded inboxes should forward through Cloudflare Email Routing to the configured destination mailbox.

## Provider Verification

Merchants should verify provider security, compliance, settlement, and risk controls directly before onboarding.

## Reporting Issues

If you notice a security or content issue, email [contact@bestpaymentgatewayinbangladesh.com](mailto:contact@bestpaymentgatewayinbangladesh.com).

This document is a practical website policy document and is not presented as lawyer-reviewed legal advice.
